The Beija-Flor Audrey Ankle jeans are made with a patented Emana fabric, which has been proven to help reduce cellulite and smooth out skin. The fabric is great for travel, thanks to its "Bounce Back Memory Stretch" formulation, which prevents sagging even

after long days.

Beija-Flor Jeans Audrey Ankle Review:

Price and Where to Buy: The Beija-Flor Audrey Ankle jeans are available on [Beija Flor's website](#) for \$188.

How the Beija-Flor Jeans Audrey Ankle Rate:

- **Usefulness:** 10/10. Jeans that don't stretch out or sag *and* promise to cure cellulite and smooth out skin? Sign me up!
- **Value:** 7/10. There's no doubt about it, the Beija-Flor Audrey is an expensive pair of jeans. However, the Emana fabric will continue to deliver skin benefits after unlimited washes, so these could last you for years.
- **Portability:** 10/10. The Audrey Ankle jeans are lightweight and made from a combination of cotton, nylon, and elastane that makes them easier to pack than regular jeans.
- **Durability:** 10/10. The fabric will stand up to unlimited washing, and won't stretch out. They're also machine-washable and can be machine-dried.
- **Cool Factor:** 10/10. The Beija-Flor Audrey Ankle jeans come in a variety of colors, and the cut is ultra-flattering.

Final Verdict: Jeans that don't sag and smooth your skin are worth the splurge!
